ACTIVE INGREDIENT
Each suppository contains Paracetamol 500 mg
WHAT THIS MEDICINE IS USED FOR
Effective temporary relief of pain. Reduces fever.
WARNINGS
Do not use Panadol Suppositories
• If you are allergic to paracetamol • If using other medicines containing paracetamol • For children below the age of 10, except on medical advice • For more than 48 hours for children aged 10-17, except on medical advice • For more than a few days at a time in adults, except on medical advice • If any of the seals on this packaging are broken • If the package use-by date has expired • Until you read the enclosed leaflet carefully
Ask a doctor before use
• If you have liver or kidney problems • If you are taking warfarin (a medicine used to thin the blood)
Stop use and tell your doctor immediately
• If you have an allergic skin reaction, shortness of breath or wheezing after taking this medication
While using this product
If an overdose is taken or suspected, ring the Poisons Information Centre (AUST: 13 11 26) or go to the hospital immediately even if you feel well because of the risk of delayed, serious liver damage if left untreated.
DIRECTIONS FOR USE
For rectal use only - not to be swallowed.
• Tear suppository from strip, remove blister and insert suppository • For ease of insertion, the suppository can be moistened just before insertion
• Insert into the rectum according to the dosage table below every 4-6 hours as required
Age | Suppositories | How often
