GLUE AREA

ACTIVE INGREDIENTS

Each caplet contains Paracetamol 500 mg

WHAT THIS MEDICINE IS USED FOR

Fast effective temporary relief of pain and discomfort associated with:
- Headache/Tension headache • Migraine headache
- Muscular aches • Backache • Arthritis/Osteoarthritis
- Period pain • Toothache • Cold & flu symptoms. Reduces fever

WARNINGS

Do not use Panadol • If you are allergic to paracetamol or hydroxybenzoates • If using other medicines containing paracetamol • For children below age 7, except on medical advice • For more than 48 hours for children aged 7–17 except on medical advice • For more than a few days at a time in adults except on medical advice • If any of the seals on this packaging are broken • If the package use-by date has expired

Ask a doctor before use • If you have liver or kidney problems • If you are taking warfarin (a medicine used to thin the blood)

Stop use and see your doctor immediately • If you have an allergic skin reaction, shortness of breath or wheezing after taking Panadol

While using this product • If an overdose is taken or suspected, ring the Poisons Information Centre (AUST: 13 11 26; NZ: 0800 764 766) or go to the hospital immediately, even if you feel well because of the risk of delayed, serious liver damage if left untreated. Keep to the recommended dose. Contains hydroxybenzoates as preservatives.
