PHARMACIST ONLY MEDICINE

KEEP OUT OF REACH OF CHILDREN

HALEON

AUST R 260264

ACTIVE INGREDIENTS

Each bi-layer caplet CONTAINS PARACETAMOL 665 mg

WHAT THIS MEDICINE IS USED FOR

Panadol Osteo is effective for the relief of persistent pain associated with osteoarthritis.

WARNINGS

Do not use Panadol Osteo
- If you are allergic to paracetamol
- If using other medicines containing paracetamol
- More frequently than every 6 hours
- For children below age 12
- For more than 48 hours at a time for children aged 12–17 except on medical advice
- For more than a few days at a time in adults except on medical advice
- If any of the seals on this packaging are broken
- If the package use-by date has expired

Ask a doctor before use
- If you have liver or kidney problems
- If you are taking warfarin (a medicine used to thin the blood)

Stop use and see your doctor immediately if
You have an allergic skin reaction, shortness of breath or wheezing after taking Panadol Osteo.

While using this product
If an overdose is taken or suspected, ring the Poisons Information Centre (AUST: 13 11 26; NZ: 0800 764 766) or go to the hospital immediately, even if you feel well because of the risk of delayed, serious liver damage if left untreated. Keep to the recommended dose.

DIRECTIONS FOR USE

Age	Caplets	How often
12–Adult	2	Swallowed whole with water three times a day every 6 - 8 hrs (maximum 6 caplets in 24 hrs)

- Doses should be equally spaced throughout the day
