WHAT THIS MEDICINE IS USED FOR

Fast effective temporary relief of pain and discomfort associated with:
- Migraine headache • Period pain • Muscular aches • Toothache
- Headache/Tension headache • Arthritis/Osteoarthritis
- Cold & flu symptoms • Sore throat. Reduces fever

WARNINGS

Do not use Panadol EXTRA • If you are allergic to paracetamol, caffeine or any of the ingredients in this product • If using other medicines containing paracetamol or caffeine • For children below age 12 • For more than 48 hours at a time for children aged 12–17 except on medical advice • For more than a few days at a time in adults except on medical advice • If pregnant except on medical advice • If any of the seals on this packaging are broken • If the package use-by date has expired

Ask a doctor before use • If you have liver or kidney problems • If you are taking warfarin (a medicine used to thin the blood) • If you are breastfeeding

Stop use and see your doctor immediately • If you have an allergic skin reaction, shortness of breath or wheezing after taking Panadol.

While using this product • If If an overdose is taken or suspected, ring the Poisons Information Centre (AUST: 13 11 26; NZ: 0800 764 766) or go to the hospital immediately, even if you feel well because of the risk of delayed, serious liver damage if left untreated. Keep to the recommended dose. Keep out of reach & sight of children.

CAUTION: Limit the use of caffeine-containing products (including tea and coffee) when taking these caplets. One dose of Panadol Extra contains 130 mg of caffeine – this is about 2 cups of instant coffee. Caffeine may cause sleeplessness if it is taken within several hours before going to bed.

DIRECTIONS FOR USE

12 years – Adult: Take 2 caplets every 4-6 hours with water as required (Maximum 8 caplets in 24 hours).
