USE A
SENSODYNE
TOOTHBRUSH

What are sensitive teeth?
Many people have sensitive teeth. When enamel is worn away or gums recede, the dentine underneath becomes exposed. This can lead to tooth sensitivity, for example with cold and hot food and drinks.

FLUORIDE TOOTHPASTE

What does Sensodyne do?

daily brushing everyday, it provides 24/7 protection from sensitivity, plus all the benefits you would expect from a daily toothpaste - strong teeth, healthy gums and fresh breath.
