What are sensitive teeth?
Many people have sensitive teeth. When enamel is worn away or gums recede, the dentine underneath becomes exposed. This can lead to tooth sensitivity, for example with cold and hot food and drinks.

What does Sensodyne do?

daily brushing everyday, it provides 24/7 protection from sensitivity, plus all the benefits you would expect from a daily toothpaste - strong teeth, healthy gums and fresh breath.

24/7

Sensitivity Protection* + Strong Teeth

+ Healthy Gums*

Use Sensodyne Deep Clean Daily Care twice a day, everyday:

- To provide long-lasting relief for sensitive
- Helps to remove plaque when brushing • Contains fluoride to protect against cavities
- Helps maintain healthy gums
- Advanced cleaning and lasting freshness

SENSODYNE Deep Clean

DAILY CARE **Sensodyne** Deep Clean Daily Care is a fluoride toothpaste which can be used everyday and provides daily care for sensitive teeth.

*with twice daily brushing
