WHITENING

parodontax ACTIVE GUM REPAIR

Plaque buildup on gums and teeth can lead to gum disease.

parodontax Active Gum Repair is a daily fluoride toothpaste formulated to help reverse signs of early gum disease by targeting plaque, the main cause of gum problems. It is 3xs more effective at removing plaque*

With a fresh minty flavor to enjoy every day.

*vs a sodium monofluorophosphate toothpaste with regular brushing

Drug Facts

Active ingredient

Stannous fluoride 0.454% (0.15% w/v fluoride ion).....Anticavity, Antigingivitis

Purposes

Uses • aids in the prevention of dental cavities. • helps control bleeding gums.
• helps interfere with harmful effects of plaque associated with gingivitis.

Warnings

Stop use and ask a dentist if • gingivitis, bleeding, or redness persists for more than 2 weeks.
• you have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth. These may be signs or symptoms of periodontitis, a serious form of gum disease.

Keep out of reach of children under 6 years of age. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

• adults and children 2 years of age and older: • brush teeth thoroughly, preferably after each meal or at least twice a day, or as directed by a dentist or doctor. Minimize

Drug Facts (continued)

swallowing. • to minimize swallowing for children under 6 years of age, use a pea-sized amount and supervise brushing and rinsing until good habits are established. • **children under 2 years of age:** Consult a dentist or doctor.

Other information

• products containing stannous fluoride may produce surface staining of the teeth. Adequate toothbrushing may prevent these stains which are not harmful or permanent and may be removed by your dentist. • this product is specially formulated to help prevent staining.
• do not store above 25°C (77°F)

Inactive ingredients

glycerin, PEG-8, hydrated silica, pentasodium triphosphate, flavor, sodium lauryl sulfate, titanium dioxide, polyacrylic acid, cocamidopropyl betaine, sodium saccharin
