CLEAN MINT
DAILY GUM CARE

If you spit blood when you brush or floss, it could be a sign of early gum disease. parodontax is clinically proven to help reduce bleeding gums* by removing the plaque buildup that can cause gums to swell and bleed.

parodontax Clean Mint toothpaste offers a fresh, minty flavor.

*with twice daily brushing

The diagram shows two cross-sections of a tooth. On the left, the gum tissue is red, swollen, and has receded away from the tooth, exposing the root. This is labeled 'Unhealthy gums'. On the right, the gum tissue is pink, firm, and sits snugly around the base of the tooth. This is labeled 'Healthy gums'.
