GUM STRENGTHEN & PROTECT

Healthy gums form a tight seal around teeth. Reducing plaque bacteria build-up helps to prevent gum problems.

parodontax Gum Strengthen & Protect daily fluoride toothpaste helps strengthen the gum seal around teeth for long-lasting gum protection.*

With **Hyaluronic Acid**, this toothpaste delivers foaming action for an elevated brushing experience.

*with continued twice daily use

1 STRENGTHEN

Kills plaque bacteria along the gumline for a stronger and tighter seal between gums and teeth.

2 PROTECT

Helps prevent plaque bacteria build-up to maintain healthy gums every day.*

Drug Facts

Active ingredient

Stannous fluoride 0.454% (0.15% w/v fluoride ion).....Anticavity, Antigingivitis

Purpose

Uses

- aids in the prevention of dental cavities.
- helps control bleeding gums.
- helps interfere with harmful effects of plaque associated with gingivitis.

Warnings

Stop use and ask a dentist if • gingivitis, bleeding, or redness persists for more than 2 weeks.

- you have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth. These may be signs or symptoms of periodontitis, a serious form of gum disease.

Keep out of reach of children under 6 years of age. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older:

Drug Facts (continued)

- brush teeth thoroughly, preferably after each meal or at least twice a day, or as directed by a dentist or doctor. Minimize swallowing.
- to minimize swallowing for children under 6 years of age, use a pea-sized amount and supervise brushing and rinsing until good habits are established.
- children under 2 years of age: Consult a dentist or doctor.

Other information

- products containing stannous fluoride may produce surface staining of the teeth. Adequate toothbrushing may prevent these stains which are not harmful or permanent and may be removed by your dentist.
- this product is specially formulated to help prevent staining. • do not store above 25°C (77°F)

Inactive ingredients glycerin, PEG-8, hydrated silica, pentasodium triphosphate, flavor, sodium lauryl sulfate, polyacrylic acid, cocamidopropyl betaine, sodium saccharin, sodium hyaluronate, blue 1
