Healthy gums don't bleed

If you spit blood when you brush or floss, it could be a sign of early gum disease. parodontax is clinically proven to help reduce bleeding gums* by removing the plaque buildup that can cause gums to swell and bleed.

parodontax is a daily fluoride toothpaste that also prevents cavities, provides fresh breath, and whitens - for healthy gums and strong teeth.

parodontax Clean Mint toothpaste offers a fresh, minty flavor.

*with twice daily brushing

Drug Facts

Active ingredient

Stannous fluoride 0.454% (0.15% w/v fluoride ion).....Anticavity, Antigingivitis

Purposes

- Uses**
- aids in the prevention of dental cavities.
 - helps control bleeding gums.
 - helps interfere with harmful effects of plaque associated with gingivitis.

Warnings

Stop use and ask a dentist if

- gingivitis, bleeding, or redness persists for more than 2 weeks.
- you have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth. These may be signs or symptoms of periodontitis, a serious form of gum disease.

Keep out of reach of children under 6 years of age. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older:
- brush teeth thoroughly, preferably after each meal or at least twice a day, or as directed by a dentist or doctor. Minimize

Drug Facts (continued)

swallowing.

- to minimize swallowing for children under 6 years of age, use a pea-sized amount and supervise brushing and rinsing until good habits are established.
- children under 2 years of age: Consult a dentist or doctor.

Other information

- products containing stannous fluoride may produce surface staining of the teeth. Adequate toothbrushing may prevent these stains which are not harmful or permanent and may be removed by your dentist.
- this product is specially formulated to help prevent staining.
- do not store above 25°C (77°F)

Inactive ingredients

glycerin, PEG-8, hydrated silica, pentasodium triphosphate, flavor, sodium lauryl sulfate, titanium dioxide, polyacrylic acid, cocamidopropyl betaine, sodium saccharin
