CLINICALLY PROVEN TO REDUCE SIGNS OF EARLY GUM DISEASE\*:

✓ BLEEDING ✓ REDNESS ✓ SWELLING ✓ BAD BREATH

parodontax ACTIVE GUM REPAIR

Bleeding, redness, swelling, and bad breath can be signs of gum disease.

parodontax Active Gum Repair Breath Freshener is a daily fluoride toothpaste that reduces signs of early gum disease and uses Breath Cleanse Technology to purify bad breath instead of just masking it. Specially formulated to kill plaque bacteria at the gumline to help keep the gum seal tight.

Its Breath Cleanse Technology utilizes zinc, an ingredient clinically proven to purify the gases that cause bad breath.
