## **1. What CENTRUM ADULT 50+ is and what it is used for**

With CENTRUM ADULT 50+, you benefit from what science is discovering about how vitamins, and minerals help to unlock energy, support immunity, and maintain health.

Vitamins, minerals, and trace elements are involved in many of the metabolic processes in the body and in so doing, contribute to physical and mental wellness. It may be difficult to follow a balanced diet with the required vitamins and minerals at the required levels.

Lifestyle choices such as stress, excessive exercise, alcohol consumption, smoking and even taking certain medication, all impact on nutrient levels.
